

The MHS Training Center proudly presents- **Peg Munves- Animal Acting Weekend**

Dogs are working! Any time you open a magazine or a clothing catalog, or see a commercial on television, you also see a dog. If you think, “My dog could do that!” then this workshop weekend is for you.

This hands-on weekend workshop will share the nuts and bolts of working professionally with your dog, from partnering with an agent, to set etiquette, to key training tips and behaviors needed to get most jobs done. Saturday is an Introduction/Beginner day filled with basic skills and behaviors necessary to get started. Sunday morning is a continuation of Saturday or for teams already having the Beginner skills or having had prior experience with some acting or with photo shoot experience.

Intro to Animal Acting Workshop

Saturday April 28th 9:00AM-4:00PM

Your day with Peg will have plenty of training time- to include tricks, targeting and props, as well as lively discussion of the ins and outs of “working” with you dog, a showcase of ads and commercials, and learning how to get started.

Beyond Beginner Acting Workshop

Sunday April 29th 9:00AM-12:00Noon

This session will get you started teaching your dog the next level of behaviors necessary for more complex print and commercial work- remote targeting, rehearsing on the set, unusual behaviors and weird stays necessary for a natural shot.

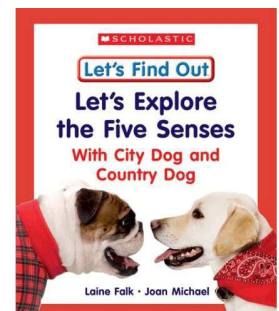

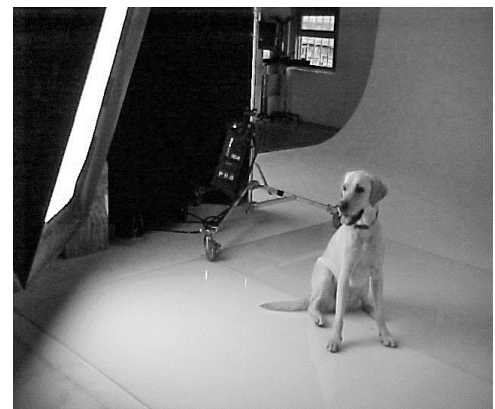

Come join us for this fun-filled weekend!
